# MESSAGE FROM THE PRESIDENT

As the industry leader in stainless steel outdoor kitchen cabinetry, Brown Jordan Outdoor Kitchens keeps a constant pulse on the industry and ever-changing landscape of the spaces we call home. This keeps us at the forefront of enduring design with unparalleled durability.

Demand for outdoor living spaces across the country has never been higher, and the lines between indoor and outdoor spaces continue to blur. The result: a shift in lifestyle as the heart of the home grows to include the great outdoors.

We are delighted to present this overview of Brown Jordan Outdoor Kitchens, including our history, our contributions and our innovations to outdoor living. As our partner, we hope you will find the tools you need to enhance your role in designing outdoor living spaces.

**Mitch Slater**

President and Owner, Brown Jordan Outdoor Kitchens + Denver

## WHO WE ARE

Brown Jordan Outdoor Kitchens is manufactured under exclusive license by CT Acquisitions LLC, manufacturer of Danver Stainless Outdoor Kitchens. Danver has been manufacturing stainless steel cabinets for outdoor kitchens since the late 1990s. By showcasing color, style and design and inspiring entertainment, culinary creativity and leisure living, Danver established itself as a leader in transforming outdoor entertainment from a simple barbecue island to a fully functional outdoor entertainment space, in which the outdoor kitchen is central to the space.

As a testament to Danver's industry leadership, when the premier outdoor furniture manufacturer, Brown Jordan, expanded their presence in the outdoor living market with outdoor kitchens, they came to the experts at Danver. Today, Brown Jordan Outdoor Kitchens delivers uniquely distinctive outdoor kitchens that are both durable and beautiful. From new door styles to standard soft-close hinges to innovative designs, Brown Jordan Outdoor Kitchen cabinets continue to evolve in quality, engineering and style based on input we receive from designers, builders, landscape architects and other disciplines who rely on us to provide unique signature outdoor living spaces to discerning homeowners.

## OUTDOOR LIVING

The kitchen still remains the focal point of casual entertaining, only today the kitchen has moved outdoors. The popularity of outdoor living has homeowners focused on the color, style and design of the whole entertaining space, rather than a traditional stone or stucco barbecue island where guests watch the host cook.

As these traditional backyard patios evolve into luxurious outdoor living spaces, Brown Jordan Outdoor Kitchens leads the way. With a full line of stainless steel cabinets, powder coated with a rich palette of colors and realistic wood grains applied to a variety of exclusive door styles, every kitchen can be uniquely designed for a signature look.

“

Our modular, European-inspired styles offer it all: Highly functional solutions for different appliances, and a sleek look. While we were the first to market, we've only scratched the surface and look forward to unveiling more European-inspired design concepts later this year.”

# HOW IT'S MADE

Outdoor living is about more than just personal style and atmosphere; it's also about function and longevity.

Brown Jordan Outdoor Kitchens stainless steel cabinets are specially designed and engineered for outdoor kitchens, transition rooms, rooftops and other spaces where durability is a concern.

Brown Jordan Outdoor Kitchens is the perfect choice for beauty, style, color and durability, as well as the optimal investment in outdoor living projects.

“

Brown Jordan Outdoor Kitchens feature cabinetry that is the culmination of 20 years of engineering for design, function and style perfection. With our engineering and manufacturing facilities co-located, we are able to refine and innovate as styles change and technology opens new opportunities.”

**Alex Drozd, Plant Manager/Engineering  
Brown Jordan Outdoor Kitchens + Denver**

## OUR CABINETS FEATURE:

- Frameless, European styling
- All doors, drawers and cabinet boxes are manufactured from 100% 304-grade stainless steel; 316 (marine)-grade stainless is also available
- Cabinets measure from 9” to 48” in 3” increments
- Each project is built to order, ensuring the style, design and color are specific to your project
- Made In America - fabrication, finishing, powder coating and assembly take place in our Connecticut facility
- Residential cabinets have a lifetime warranty
- All powder coat finishes carry a 7-year limited warranty
- Cabinet boxes are a standard 30” height and 27” depth (24” depth available)
- Drawers feature double-wall construction and full extension under-mount glides with self-close/soft-close technology
- Doors come standard with soft-close stainless steel hinges
- Cabinets fit any manufacturer's outdoor appliance; grills, smokers, side burners, sinks, bartending units and more
- Cabinets are delivered fully assembled and are engineered for easy installation

## WHAT MAKES US UNIQUE

Whether you are styling a space as an extension of a home or creating a unique look to differentiate the space, Brown Jordan Outdoor Kitchens has the products and design expertise to deliver the quality and durability you demand. We offer a variety of door styles with designer color options, affording you more creative control.

Brown Jordan Outdoor Kitchen's powder coat finishes have been selected to match the exclusive color options available on Brown Jordan furniture collections.

Brown Jordan Outdoor Kitchens offers eight door style options; Hampton, Rio, Key West, Palm Beach, Bead Board, Louver, Sea Glass and Key West Frost. Most of the doors are available in any of the 10 exclusive powder coat hues. Textured stainless inserts are available on Brown Jordan Outdoor Kitchens' Key West and Palm Beach door styles as well, and can be powder coated or retain their stainless look. Additionally, we proudly boast the beauty of our realistic wood grain powder coat finishes (see page 14), allowing for the look and feel of wood without the wear and maintenance. However you imagine your outdoor entertainment space, we can help it become an extension of the home.

## DOOR STYLES

Brown Jordan Outdoor Kitchens brings function and style together through our exclusive door styles. The stainless steel cabinetry, doors and drawers provide functional strength and durability, while the extensive color palettes, realistic wood grain powder coat finishes bring style, color and design to what was once a drab space.

### BEAD BOARD

*A Brown Jordan Outdoor Kitchens exclusive, the Bead Board door style is constructed using the standard Key West stiles and rails but with 1 1/2" wide stainless steel panels.*

### LOUVER

*A Brown Jordan Outdoor Kitchens exclusive, the Louver door style features Key West stiles and rails with an interior composed of individual stainless steel louvers.*

### PALM BEACH

*The Palm Beach door style is exclusive to Brown Jordan Outdoor Kitchens and is constructed identically to the Key West with matching center panel option, but features extra wide stiles and rails (3 3/4" wide).*

### KEY WEST

*The Key West is a five piece stainless steel shaker-style door, featuring 2 11/16" wide stiles and rails. The center panel can be plain stainless steel or powder coated with your choice of a color or wood grain finish from the Brown Jordan Outdoor Kitchens' palette. Brown Jordan Outdoor Kitchens' doors also have the option of a textured stainless panel.*

### SEA GLASS

*The Sea Glass door is a Key West door style with a frosted glass center panel representing the look of sea glass. It is available in three unique colors, Sky Blue, Seafoam Green and Cloud White.*

### KEY WEST FROST

*The Key West Frost features our classic Key West frame with a frosted glass center panel, available in your choice of color from the Brown Jordan Outdoor Kitchens' palette.*

### HAMPTON

*The Hampton is a solid slab door style that is made of vertical #4 brushed stainless steel. It is our standard door and drawer front.*

### RIO

*The Rio is a flat one piece, vertical #4 brushed stainless steel door frame that is prepped for a glass insert (not included), wood grain insert or powder coated stainless steel panel insert.*

## POWDER COAT FINISHES

Each component of our powder coated doors is painted prior to assembly, eliminating direct exposure of the stainless steel to the environment. This hinders the chance for rust over time and provides a nearly maintenance-free finish. Brown Jordan Outdoor Kitchens' powder coat paint palette is a 10-color exclusive line selected to match Brown Jordan furniture. Brown Jordan Outdoor Kitchens offers wood grain powder coat finishes, enhancing the design quality of your outdoor living space by providing the look and style of real wood without the wear and maintenance. Every Brown Jordan Outdoor Kitchen is manufactured and painted in the U.S., guaranteeing the quality, durability and longevity you expect.

# TECNO™ OUTDOOR KITCHENS

TECNO is a Euro-inspired luxury outdoor kitchen line by Brown Jordan Outdoor Kitchens, crafted from stainless steel for durability and powder coated for a beautiful and virtually maintenance-free finish. TECNO is the result of the ongoing collaboration between Brown Jordan Outdoor Kitchens, Dekton by Cosentino and Daniel Germani Designs.

Features include a sleek frameless design, single-height façade, and nested, soft-close drawers with integrated pulls. Designed with versatility in mind, TECNO accommodates a variety of appliances and configurations, and is equally at home outdoors and indoors.

TECNO is available in its own unique color palette, as well as powder coat wood grain finishes and four of the Dekton by Cosentino industrial colors that pay tribute to the imperfections of metal and stone at different stages of age and decay. The powder coated finish offers protection from the harshest elements, including marine environments, for long-lasting performance.

The next step in the evolution of the outdoor kitchen cabinet, TECNO brings beauty and sophisticated design, along with high performance functionality, to outdoor entertainment spaces and under-roof applications.

# ELEMENTS™ BY TECNO

Elements by TECNO is the latest collaboration with Daniel Germani Designs and Dekton by Cosentino. With a sleek, minimalist aesthetic, this collection offers nesting handles for drawers and doors. The collection's attention to detail includes powder coating inside and out, available with dozens of standard colors, hundreds of optional colors as well as finishes spanning realistic wood grain and options to match several Dekton by Cosentino countertops. Configurations include storage cabinets - with the option for two door, pass-through cabinets - as well as grill, refrigerator and trash can enclosures.

“

Outdoor living is evolving to mimic the finish and functionality once only offered indoors – from luxurious textiles, lighting schemes, and soft-close storage. These details encourage people to lounge and linger – and truly live outdoors.”

**Mitch Slater, President and Owner**  
**Brown Jordan Outdoor Kitchens + Danver**

# ASA-D2™ COLLECTION

Brown Jordan Outdoor Kitchens partnered with Dekton by Cosentino and Daniel Germani Designs to develop the next generation of outdoor cooking and entertaining. The ASA-D2 Collection is an innovative outdoor kitchen ensemble for any setting, enhancing the space with versatility, functionality and design.

Able to withstand the most severe weather conditions, the ASA-D2 features a heavy-duty steel frame and stainless steel body for strength and stability with an ultra-compact Dekton countertop for extra durability.

The ASA-D2 Collection is an ensemble of contemporary, free-standing outdoor kitchen modules, each utilizing ultra-durable materials to beautifully withstand exposure to the elements. Consisting of a grilling station, featuring 360-degree access, a refrigeration unit and the soon-to-be-released bartending and storage components, the ASA-D2 Collection gives homeowners a complete outdoor entertainment space like no other.

I am so inspired by Brown Jordan Outdoor Kitchens innovative approach to outdoor living design. I truly enjoy the unlimited possibilities of this incredible partnership and I am really energized to keep exploring new designs and finishes to keep inspiring architects and designers alike. Teaming with Brown Jordan Outdoor Kitchens is a dream come true."

# MULTI-FAMILY DEVELOPMENTS

Whether your current project is multi-family, senior living, student housing, commercial or hospitality, Brown Jordan Outdoor Kitchens helps you create the perfect outdoor amenity package for the project. We understand the need for ultra durability, commercial-grade appliances, ADA-compliant cabinetry and other complexities that single family builders don't encounter, including quality and aesthetic cabinetry without storage capabilities in rental properties.

While clubhouses and common areas on rooftops and podiums are the norm, we are now seeing purchased units in multi-family and branded residential communities outfitted with personal outdoor amenity packages directly on individual balconies and terraces.

# POST & PANEL SYSTEM

For Multi-family and Residential

Although our traditional cabinetry is an excellent choice for outdoor amenity packages, architects and builders expressed the need for a more robust solution designed for multi-family common areas that meets specific needs including:

- Attractiveness and aesthetics
- No unnecessary storage space
- Extended workspaces
- Easily replaceable sections, in the event of damage

Our designers and engineers listened and developed the Post and Panel System – PPS.

Used as a stand-alone island or easily integrated with our traditional cabinet line, the PPS provides designers, architects and developers with seemingly unlimited options from which to choose for multi-family, single family residential and commercial applications.

- 100% stainless steel construction for durability
- Powder coated for aesthetics and protection from the elements
- Strength to support countertops
- Replaceable panels with the countertop in place
- No unnecessary storage space
- Shipped flat
- Easy installation
- Cost effectiveness
- ADA-compliant
- Easy to clean

## BEYOND THE CABINETS

Today, more people than ever are taking advantage of backyard outdoor living, bringing their culinary skills and entertainment needs along with them. The kitchen is a place where people gather in the home and now it has moved outdoors as a fully developed, outfitted extension of the home, complete with durable, stylish cabinetry and the latest outdoor appliances. The upscale kitchen amenities typically found inside the home are now shifting to outdoor kitchens, transitional rooms and rooftop patios.

The in-house design experts at Brown Jordan Outdoor Kitchens know how to help customize the outdoor living space precisely as you want it, down to the countertops and drawer pulls. From pizza ovens and grills to refrigeration and bartending, there are countless options for customizing the outdoor kitchen, catering to cooking style and entertainment needs. Investing in the beauty and function of outdoor entertainment space provides exceptional value to the property and more enjoyment for family and friends without ever leaving the home.

## BARBECUE HOODS

The ability to design an outdoor kitchen with the same flexibility as its indoor counterpart presents the occasional challenge – such as ventilating smoke. To overcome the challenge, Brown Jordan Outdoor Kitchens offers grill hoods. These extra depth hoods are designed perfectly for lanais and the transitional “California” or “Florida” rooms with covered spaces, growing in popularity nationwide.

The 304-grade stainless steel hoods complement the kitchen, whether the cabinets are powder coated or traditional stainless steel. They are available in 36”, 42”, 48”, 60” 66” and 72” widths. These high CFM hoods offer exceptional air movement to remove smoke as well as draw heat away from the cooking area. With the optional muffler, the sound can be reduced, enhancing the comforts of outdoor living.

# DEKTON® COUNTERTOPS

The two elements that bring together a kitchen, indoors or outdoors, are the cabinets and the countertops. These elements need to hold up against time and climate, but also have the right look and feel to complement your landscape. Brown Jordan Outdoor Kitchens can accommodate nearly any type of countertop you want in your space, but not every countertop is built for outdoor environments.

While granite, concrete and soapstone are familiar countertop materials, it's important to remember to use the correct material for outdoor applications; one that remains structurally sound and maintains its beauty over time. We recommend Dekton® by Cosentino countertops to be paired with our outdoor kitchen cabinets. Their ultra-compact surfaces are designed for exterior use. Dekton surfaces offer UV resistance for color stability outdoors, exceptional strength and high resistance to impacts, scratches and abrasion for use in high-traffic areas and are non-porous requiring no maintenance. Their wide range of colors and finishes, coupled with the diverse cabinet colors and finishes available from Brown Jordan Outdoor Kitchens, provide an endless variety of options to fit your creative needs.

## COOKING APPLIANCES

One of the great features of Brown Jordan Outdoor Kitchens is that our cabinetry is designed to fit any cooking appliance. Whether you have a favorite grill, smoker, side burner or even a pizza oven, rest assured your selection can be incorporated into your new outdoor kitchen with ease.

During our 18+ years of designing outdoor living spaces, we have experienced the development of all types of cooking appliances for the outdoors. That acquired knowledge enables our in-house design team to guide you to the best options based on cooking style and approach to outdoor entertaining.

Although we do not manufacture grills and other cooking appliances, we do distribute a number of quality brands at various price points for the convenience of our clients, making us the perfect one-stop shop. We can drop ship the cabinetry and appliances to the project site for ease of installation.

## BARTENDING/COOLING APPLIANCES

The convenience of a refrigerator integrated into your outdoor kitchen is a must, regardless of climate. Models and brands perform at different levels of effectiveness based on the surrounding environment. There are also a variety of styles and features available to suit your taste and needs, including two-drawer units, glass fronts and those with panels to match your Brown Jordan Outdoor Kitchens cabinets. Our in-house experts can guide your decision on brand, features and style.

Bartending systems are among the most popular features in today's outdoor entertainment spaces. Whether you want to add a kegerator, a wine cooler or a complete bartending outfit, we can help complete the project with several options, including sinks and faucets.

As with the cooking appliances, we distribute a variety of cooling and bartending appliances. Regardless of your choices, your entertainment space will be functional and look fabulous.

Brown Jordan Outdoor Kitchens expertly manufactures engineered tubular steel and aluminum outdoor mobile food and beverage service carts for the hospitality industry worldwide. Available in customizable configurations for resorts, branded residential complexes, casinos, hotels, country

clubs, restaurants and other hospitality venues, these innovative units are designed for durability, beauty, maneuverability, and functionality.

Popular as beverage carts, bars, cooking stations, prep areas or entertainment hubs, Brown Jordan Outdoor Kitchens' components are designed to fit the needs of your property, your people and your profits.

## READY TO INSTALL

Brown Jordan Outdoor Kitchens are available worldwide through a network of dealers, designers, builders and other home improvement tradespeople. Homeowners are welcome to contact us, but must be working through a design or trade professional to purchase the cabinetry.

Cabinets arrive fully assembled, ready to install at your client's site. In most cases an entire properly prepped kitchen can be installed in a single day.

Complete instructions and all the parts and pieces for assembly are shipped with each project. For additional installation instructions and more information, visit [brownjordanoutdoorkitchens.com](http://brownjordanoutdoorkitchens.com) and subscribe to our YouTube channel.

Brown Jordan Outdoor Kitchens cabinet Revit files are available online. Also, files are available for 2020, SketchUp and other design and layout programs, such as ARCAT and CADDdetails. A complete listing is available on our website.

For more detailed information, download our Brown Jordan Outdoor Kitchens App, optimized for the iPad and Android Tablets.
